**Area 75 Proposal Form**  
**Used for Documenting Proposals for Consideration by Area 75**

**Proposal Sponsor(s):** Bob S                      **Sponsor's Phone:** (262)547-6956  
**Sponsor's Service Position (if any):** Conference Advisory Committee Chair

**What is your proposal?:** That Area 75 fund the Conference Advisory Committee Chair for mileage at the current approved rate and for other misc. expenses.

**How did this proposal originate?:** Through committee and conversation with several people among the A.A. community, including several current and past officers and standing committee chairs of Area 75. It appears they feel the Conference Advisory Committee Chair should be funded.

**List any supporting documentation or background material attached to this proposal (if any):**  
Area 75 has, for a long period of time, felt it best to reimburse expenses to their trusted servants.

**List the primary benefits of your proposal to the area. What will happen if we adopt this proposal?** It is felt by some that more could and would be accomplished if this position did not need to dig deep into their own pockets to accomplish Area 75 work. We will at some point in time have a person in this position that cannot afford to spend their own monies to accomplish the necessary duties of this position. This would also afford the chair more flexibility in visiting conference committee meetings when requested.

**What will happen if this proposal is not adopted?**  
Some of the necessary work will get put off.

**Estimate any costs to the area. Outline where funding would come from. Explain whether this is a one-time or ongoing expense.** This would need to be an ongoing budgeted expense. Being that this would be a new venture, it is difficult to speculate some of the exact expenses. There are currently six required meetings at which the chair is requested to attend. Mileage to conference and conference committee locations is going to vary by location of the hosting district. The current four meetings in Madison incur approximately 135 miles round trip per meeting.

**Final comments (optional):**
