Sponsor's Service Position: Area 75 Grapevine Chair

Proposal description:

Eliminate the Count on Us fund as a separate fund and combine it with the Rainbow Fund. The combined fund will be called the "Corrections Literature Fund". The purpose of the Corrections Literature Fund will be to purchase Conference-approved literature and Grapevine/LaVina subscriptions and/or materials for use in correctional institutions. The Corrections chair, with help from the Grapevine Chair, will authorize expenditures from the newly created Corrections Literature Fund.

Primary benefits of proposal:

Groups are currently confused about the funds and their purposes. It would make it more efficient to collect and explain the reason for encouraging a "special collection" to the groups.

Estimate of required funding:

No funding is necessary as currently used and available Rainbow cans could be re-labeled.
