

AREA 75 PROPOSAL

Proposal Sponsor: Nancy G Phone: 608-843-2265

Sponsor's Service Position: Conference Advisory Committee Co-Chair

Describe your proposal:

To classify the "Area 75 Conference Guidelines" as service material.

Primary Benefits / Background Information

It is the responsibility of the Conference Advisory Committee to review and edit the Guidelines at the beginning of each rotation. The proposed change will greatly enhance the effectiveness and flexibility of the Area Conference Advisory Committee (the Committee) in updating the Guidelines document. It will no longer take six (6) months to a year to implement revisions to the Conference Guidelines.

Amendments will require a simple majority vote of the Committee, rather than an assembly action. Any amendments to the Conference Guidelines will be shared with the Area 75 Assembly when revised, but will not be subject to Assembly action for approval or implementation.

The Conference Guidelines will be posted promptly to the Area website after each revision.

The Conference Advisory Committee will always welcome input from the Fellowship regarding changes to the guidelines.

Estimate any funding required: None
